

AGROPACK SOLUTIONS LTD

INNOVATIVE POST-HARVEST PACKING & HANDLING SOLUTIONS

"YOUR TRUSTED PARTNER IN POST-HARVEST INNOVATION"

WE HARVEST IDEAS AND PROVIDE SOLUTIONS

**Dedicated to providing the
best, reliable & efficient
tailor made solutions.**

Post-Harvest Solutions

AGROPACK Solutions is committed to revolutionising the agricultural landscape by offering reliable and efficient tailor-made solutions. Our mission is to empower local farmers with premium post-harvest machinery and services that are both sustainable and cost-effective. With a focus on innovation and quality, we strive to be the leading resource for agricultural advancements, ensuring that our clients achieve

Grading Technology

We offer a comprehensive range of grading equipment, from cutting-edge optical graders to solutions for facilities of all sizes. With strong supplier partnerships and dedicated production resources, we deliver the perfect solution at the best possible price—helping you optimise efficiency and quality.

Weighing & Packing

Enhance precision and efficiency in your weighing and packing processes with our wide range of equipment. From multihead weighers and form-fill machines to punnet fillers, bag placement systems, and auto-stitching options.

Palletising

We've partnered with industry leaders to revolutionise palletising with cutting-edge technology, delivering faster speeds, advanced pallet configurations, fully automated pallet decanting, and seamless pallet wrapping solutions tailored for your needs.

Dust Extraction

Partnering with Meconaf, we provide tailored dust extraction and overpressure solutions designed to boost productivity and maintain a clean, dust-free environment. Perfect for the agricultural industry, a system that ensures optimal product processing and improved workplace efficiency.

Empowering local farmers with premium post-harvest machinery and services that are both sustainable and cost-effective.

Crop Handling Project Consulting

Expert guidance on optimising post-harvest crop management and maximising output through tailored project plans.

Installation Of Agricultural Equipment

Professional installation services for a wide range of post-harvest agricultural machinery to enhance operations.

Pre-Season Servicing & Parts Supply

Comprehensive maintenance checks to ensure your equipment is ready for the upcoming season.

Technical Problem Solving

Swift and effective solutions to any technical challenges you may face with your agricultural equipment.

INNOVATION

Gray Farms Ltd and Agropack Solutions – Revolutionising Post-Harvest Production

At **Agropack**, innovation meets expertise. Our latest collaboration with Wevano, Solidtec, Manter, and Meconaf, alongside the introduction of our bespoke-designed 1- and 2-tonne tippler and state-of-the-art bag and box filler, has marked a turning point in post-harvest production for Gray Farms Ltd, a 1,500-acre arable farm in Aberdeenshire exporting seed potatoes globally.

We have delivered an end-to-end line installation, custom-designed to meet their unique requirements.

The Impact - Seamless Production, Cleaner, Healthier Environment, Elevated Crop Quality, Workforce Safety.

By combining bespoke machinery with cutting-edge innovations, this project has set a new benchmark for post-harvest efficiency.

Discover more innovative projects that AGROPACK Solutions has successfully completed. From large scale post-harvest crop handling processing lines to bespoke machinery installations, each project is a testament to our commitment to quality and efficiency.
